Career Objective

Passionate about software development with expertise in Java, Full-Stack Development, and Problem Solving. Looking to contribute technical skills while building efficient and scalable applications.

Education

Greater Noida Institute Of technology(GNIOT) 2023 – 2027
B.Tech(Computer Science and Engineering) *7.6 CGPA*

Saraswati Vidya Mandir Sen. Sec. School, Etah 2021
12th (CBSE) *78%*

Saraswati Vidya Mandir Sen. Sec. School, Etah 2019
10th (CBSE) *85%*

Technical Skills

Programming Languages: Java, Python
Frontend: HTML, CSS, JavaScript, React.js
Backend: Node.js, Express.js, Rest APIs, FastAPI
Database: MongoDB, MySQL
Developer Tools: Git, GitHub, Docker, VS Code, IntelliJ, Postman
Core CS: DBMS, OOPS, Computer Networks

Projects

KaamKaaj | *Node.js, Express.js, EJS, MongoDB, Postman, Render* July 2026 – October 2026

- Developed a blue-collar job platform with 5+ core features, including job search, location-based filtering, user profiles, and seeker dashboards
- Built responsive job listing, seeker profile, and dashboard interfaces with HTML, CSS, JavaScript, and EJS
- Engineered RESTful APIs with Node.js and Express.js, integrating MongoDB to manage users, job listings, and profile information

HireMeAI | *React, Tailwind CSS, Python, AI* April 2026 – July 2026

- Developed an AI-powered resume analysis platform with Python, FastAPI, and React, extracting 10+ candidate attributes to streamline HR resume evaluation
- Implemented AI-powered resume parsing to extract and organize structured information from uploaded resumes
- Designed a recruiter-focused workflow that presents candidate information in a structured format, reducing manual resume screening effort

Portfolio | *React, Tailwind CSS, JavaScript, Vite, Vercel* January 2026

- Developed a responsive personal portfolio with React.js and Tailwind CSS, showcasing projects, technical skills, achievements, and certifications
- Engineered reusable UI components with responsive layouts for seamless experiences across desktop, tablet, and mobile devices
- Integrated GitHub, LinkedIn, LeetCode, and project links and deployed the website on Vercel for easy recruiter access

Achievements

- Scored 74% in TCS iON NQT, demonstrating strong aptitude, logical reasoning, and problem-solving skills
- Solved 250+ DSA problems on LeetCode using Java, strengthening algorithmic problem-solving

Certifications

- Build a Business Architecture Using AWS – AWS Academy (Apr 2026)
- Data Structures and Algorithms Design – NPTEL, IIT Kanpur (Jul–Oct 2025)
